• **Career opportunities after B.Ed**

Bachelors of Education (B.Ed.) is one of the most sought-after courses in India with lakhs of aspirants taking admission every year. One of the reasons for the popularity of the B.Ed. course is unending employment opportunities. Teachers are required constantly in various schools across the country. With new schools coming up every year and old teachers are being required, B.Ed. offers a good scope. The demand for jobs in the government sector is high among B.Ed. graduates. For instance, almost 13 lakh candidates appear for CTET exam every year to gain eligibility for teaching in schools. CTET qualifiers apply for teaching jobs in central government schools, Kendriya Vidyalayas etc.

B.Ed. aspirants must note that it is the mandatory qualification for taking school teaching jobs. Candidates with B.Ed. degree can also apply for Elementary School teaching jobs, as per the revised NCTE rules. "After B.Ed., you can apply for the Teacher Eligibility Test conducted by CBSE or various state governments.

Even though there are a lot of jobs in the private sector, the demand for government jobs in the field of Teaching is always high. The followings are the career opportunities after completing your B.Ed. course.

1. Teacher of Central Government School like Navodaya, Kendriya Vidyalaya etc: Through Central Teaching Eligibility Test (CTET)/ Recruitment exam conducted by the respective authority
2. SA (School Assistant), PGT (Post Graduate Teacher): Based on the marks scored by candidates in the Teacher Recruitment Test (TRT) conducted by various state governments.

3. Primary School Teacher/ Elementary School Teacher: Based on the marks scored by candidates in the Teacher Recruitment Test (TRT) conducted by various state governments.
4. School Principal: Based on the teaching experience
5. Private tuition teacher: The candidates who do not want to pursue a teaching career in government sectors can also go for job opportunities in private sector. They can also go for teaching jobs in coaching institutes or private tuitions.
6. Counsellor: The candidates can also go for a job as a Counsellor where they can help the students with general academic issues. They can also help the candidates choose the preferred educational option based on their capabilities and goals.
7. Educational Administrator: An Educational Administrator is similar to HR incorporates whose responsibilities is to manage the overall administration of a school. The candidates will have to oversee the different managerial activities such as managing budget, school administrative work, hiring teachers, etc.
8. Higher Education (M.Ed., M.Phil.)

The candidates can also go for higher education after completing a degree in B. Ed. The list of higher education options which the candidates can choose is given below:

i. Masters of Education (M.Ed.)

The candidate must have pursued a UG degree in B.Ed. or an equivalent with a 55% aggregate

ii. post-Graduation

The Candidate can pursue PG in any stream of his / her interest.

After completing a Bachelor's degree in Education, the candidates have the option of either going for higher studies or directly applying for a job. Whether they should go for higher studies or a job completely depends upon the preference of the candidate. If the candidate wishes to get into the teaching profession right away, he/she can directly apply for job interviews/ appear for teacher recruitment exams.

However, if the candidate wishes to get more expertise in the field and get a high paying job, he/she can go for higher education. On the other hand, the candidates who wish to pursue their career as a professor or researcher can go for a Doctorate degree in Education after completing a Master's degree."

EPC: Enhancing Professional Capacities

EPC 406 : Drama & Art in Education

Credits: 2

Hours: (60 Internal)

Marks: 50

Background:

Transformational education involves reflection, introspection and action, with a deep relationship between the head, heart and hand. The National curricular Framework 2005(NCF) reminds us that the school curriculum must integrate various domains of knowledge, so that the curriculum encompasses all, and is not separated from the co-curricular or extra-curricular. This has significant implications for the role of art, music and drama in education, to nurture children's creativity and aesthetic sensibilities.

Learning is enhanced through drama in education (John, Yogin and Chawla 2007) which helps learners to extend their awareness through multiple perspectives to look at reality through fantasy and to predict everyday situations in order to cope with unpredictable unsettling experiences.

The course on drama and art in education also helps in understanding the self and as a form of self expression for enhancing creativity. The components of fine art aim to develop aesthetic sensibilities in students-teachers and learn the use of art in teaching learning. (Prasad,1998)
